

Our analysts work around the clock to compile a comprehensive list of all the events and conferences in the development sector that you will not find anywhere else. Below are some of the most noteworthy events in the sector.

Upcoming Events

JUNE 2020

Conference | Virtual Ocean Dialogues 2020: Connecting Communities for Ocean Resilience, Innovation and Action

Pneumonia is the single biggest infectious killer of children, claiming over 800,000 lives annually. Yet pneumonia remains a neglected disease both nationally and globally. The Global Forum on Childhood Pneumonia is a major opportunity to ensure that pneumonia is at the forefront of national and global health agendas; galvanise national action, and mobilise the donor community to increase awareness of the scale of the pneumonia challenge.

Webinar | Averting a Dual Disaster in Africa: Protecting Essential Health Services During COVID-19

In this timely webinar, health experts from Africa will discuss the effects of COVID-19 on the delivery of routine health care in their countries, and how knowledge gained from previous outbreaks is helping.

Date and location: 03 June 2020

Registration information: <https://www.developmentaid.org/link/76vwE>

Dresden Nexus Conference 2020 (DNC2020)

The theme of the third DNC is "Circular Economy in a Sustainable Society". With this theme, DNC2020 envisions to promote the resource perspective of waste in a circular economy with an emphasis on the social dimension. It is interesting to note that both nexus and circular economy concepts were born in the 1980s. However, the correlation of the two concepts was not noticed until nexus thinking began to incorporate the role of waste in the past few years.

Date and location: 3-5 June 2020

Humanitarian Shelter and Settlements Provision Management Workshop

[REGISTER ONLINE](#)

Date and location

24-28 August 2020 | Helsinki, Finland

Registration Closes on | 30 June 2020

Program Link:

<https://risalatconsultants.com/training-registration-form/>

PROGRAM OVERVIEW

In the face of complex environmental challenges and climate change concerns over the last few decades the number of displaced people has been increasing at an alarming rate. As of today, worldwide forcible displacement tops 70 million, stipulating an urgent need for effective settlement interventions and enhanced capacity of shelter provision if and when emergencies occur. Settlements prove to be vital components of post-disaster recovery allowing affected individuals to re-establish their social and economic ties, ensuring personal safety and security.

Humanitarian Shelter and Settlements Provision Workshop in Helsinki, Finland has been specifically developed for the professionals engaged in humanitarian shelter provision and settlement activities. It provides a comprehensive overview of sheltering initiatives, policies and guidelines along with the best practices across the sector.

PROGRAM OBJECTIVES

Upon the successful completion of this intensive training program, the participants will be able to:

- Demonstrate the Comprehensive Understanding of Displacement issue and the importance of shelter provision for affected individuals
- Understand the principles and practical approaches to Shelter coordination and Settlement in humanitarian context
- Successfully Employ Core Guiding Principles of Global Settlement and Shelter Strategies
- Take strategic approach towards settlement initiatives and analyze possible alternatives
- Refine their communication and Leadership skills in order to adhere with professional standards.
