Asia Trade Insight Hour

How can governments and businesses strike a balance between digital infrastructures that are born global, and trade rules designed in a world where borders and regulatory differences between countries remain? What are the latest changes in laws and regulations relating to digital trade? How will e-commerce be affected? And how can Asia catch up and possibly lead in setting the rules and laws governing digital trade?

Sustainability Reporting: Global Trends, Updates and Addressing Covid-19

GRI provides the world's most widely used standards for sustainability reporting and disclosure. GRI works with a growing community of companies doing reporting in over 100 countries to increase the value of sustainability reporting. Over 90% of SGX issuers used GRI standards to disclose their sustainability performance in 2018. GRI looks forward to connecting with you on 13 January!

REUTERS NEXT. The Virtual Summit Rethinking the Future

REUTERS®

REGISTER ONLINE

Date and location
11-14 January 2021 | Virtual Forum

Program Link:
<https://reutersevents.com/events/next/>

REUTERS NEXT kicks off 2021 by gathering global leaders and forward thinkers to reimagine solutions to the challenges the new year brings.

No country, company or community can tackle the future alone. To build a better world, thinkers and doers must come together to share ideas, collaborate and act.

REUTERS NEXT draws on Reuters global reach to host diverse voices from around the world who will examine topics from different perspectives, bringing their passion, experience and expertise to find new ways forward.
