  - Assisted: 16,028
The UN Rapid Response Mechanism (RRM) is led by UNFPA with UNICEF and WFP as supply partners. The RRM entails the distribution of emergency relief items within 72 hours from alert based on the displacement and size of the affected populations. Each RRM kit consists of:

- Immediate Response Food Ration (IRR) to last for 5 days for a household of six persons; basic hygiene kit to last 1 month for 7 persons;
- Transit kit containing women's hygiene items to last for 1 month for household of 7 persons.

* MPCA reach figures are not included in this product.
* The RRM partners were unable to assist these families due to a lack of IRR kits.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the United Nations.
