Promoting Migrant and Refugee Integration

With increasingly more multicultural and multi-ethnic societies due to new migration routes, migrant and refugee integration can be a challenge both for host communities as well as for migrants and refugees themselves. Lack of proper integration can lead to the violation of basic human rights as well as social, political, and cultural rights. Building a deep understanding of the main issues at stake is vital to developing the technical capacities to address this issue effectively so that all parties of the equation can benefit from migration.
